

Gesture

High-Performance Seating

Acclaimed Movement

Gesture redefines the relationship between you and your chair. Voted best office chair, its 360-degree arms, contoured backrest and sophisticated adjustments are designed for all the ways technology shapes your posture. Gesture supports the largest range of postures and users—so you can sit all day without feeling like you sat all day.

Design Details

Gesture is designed as a system of synchronized interfaces, making it easy for users to dial in a precise fit. All seat and back adjustments are located on the right-hand side within arm's reach, providing immediate feedback and keeping you supported no matter where your work takes you.

Performance Features

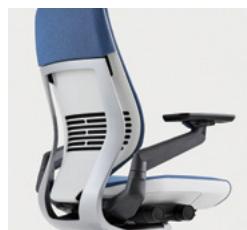

3D LiveBack®

360-Degree Arms

Sophisticated Manual
Adjustments

Core Equalizer
(built-in lower back firmness)

Features

**Back Support**

Designed with 3D LiveBack® and built-in lower back firmness, the contoured backrest encourages movement while keeping the spine supported in its natural s-shape—no matter how you move.

**Lumbar Support**

Core Equalizer provides just the right amount of lumbar support in any angle of recline, with additional height-adjustable lumbar available.

Manual Advanced Synchro-Tilt Mechanism

A manually adjustable chair gives you total control over the adjustments to dial-in the precise level of recline resistance you feel in the backrest.

**Seat Ergonomics**

Seat includes flexible edges and adaptive bolstering in the foam providing a pressure-free sit for a wide range of user sizes.

Recline Adjustments

Intuitively accessible while seated, adjust seat height and depth from the front knob, while the back knob allows precise control of recline tension and 3-position variable back stop.

**Adjustable Headrest**

Integrated headrest adjusts vertically, tilts, and rotates 90 degrees to provide comfort and support in upright and recline postures.

360-Degree Arms

Adjust through a full range of motion—360 degrees—mimicking the human arm for comfortable support as you work with multiple tech devices and interfaces.

Additional Options:

- Stool or chair or chair with headrest (Available on wrapped back only)
- Additional adjustable lumbar support or fixed lumbar support
- Hard, dual-wheel casters (standard) or soft, roll-control or glides
- Coat hanger (available on shell back only)
- Polished Aluminum Base (on chairs)
- CarbonNeutral® product certification available

Gesture helps organizations achieve their carbon emissions goals. Add **CN** to the end of the style number to specify Gesture with CarbonNeutral product certification.
