Think

High-Performance Seating

Sustainable Support

Think's award-winning design re-imagined what an office chair could do, and how sustainable it could be. Designed for hybrid workers and their unique needs, its smart and simple, weight-activated controls allow anyone, anywhere to get comfortable and get to work—quickly. With beauty to match brains, this icon of sustainable design serves up a breadth of style choice that is warm, tailored and sophisticated.

Performance Features
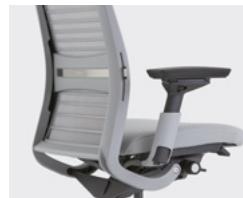

LiveBack® Flexor System

4D Arms

Adjustable Lumbar

Flexible Seat Edge

Weight-Activated Mechanism

Features

Liveback® Flexor System

The back conforms to your spine to provide flexibility and support for responsive comfort and fit. Flexors are spaced wider apart at the top and bottom to provide more flexibility and closer together toward the middle to provide more stability and support for the lumbar.

Weight-Activated Synchro Tilt Mechanism

Responds to your body weight to provide the right amount of back tension as you recline.

Recline Adjustments

Comfort dial offers four settings: Upright back lock, mid-back stop, a boost setting (offers additional recline tension resistance for individuals who need it) and weight-activated full recline.

4D Arms

Fully adjustable arms move in height, width and depth, and pivot to better support your neck and shoulders. The cantilevered arm design encourages posture change.

Lumbar Support

Adjustable lumbar with embedded spring energy comes standard.

Seat Ergonomics

Seat is height- and depth-adjustable. Flexible edges and adaptive bolstering in the seat foam provides pressure-free comfort.

Headrest

Optional headrest adjusts vertically to support head and neck.

Additional Options:

- Stool or chair
- CarbonNeutral® product certification available
- 4D arms, height-adjustable arms, fixed arms or armless
- Hard casters, soft casters or glides
- Coat hanger - supports 10 pounds and is available on chair models
- Optional outer back cover conceals horizontal flexors while keeping lumbar accessible
